# Celebrating 75 Years of Service

Visiting Nurse Health System is proud to mark 75 years as Georgia's largest and oldest nonprofit provider of healthcare and aging at home. Since 1948, Visiting Nurse has worked to improve the lives of those we serve and positively impact the well-being of our patients, families, and communities.

We began with two nurses serving two counties; today, our more than 400 employees travel approximately 1.1 million miles to 57 Georgia counties providing disease management, rehabilitations, end-of-life care through our Hospice Atlanta Program, and aging resources to 15,000 patients each year.

Visiting Nurse believes everyone should have fair and equal access to healthcare, regardless of their financial circumstances or zip code. As the nonprofit provider to the largest low-income population in Georgia, we provide more than 8,800 charitable care visits each year. And over the past 75 years, we've impacted nearly two million patients and caregivers in our state.

We invite you to learn more about Visiting Nurse, our staff, and our patients by joining us for a 75th Anniversary Breakfast on Tuesday, March 26, 7:30-9:30 a.m. at The Fox Theatre - Atlanta. Moderated by award-winning journalist and host of NPR's "Closer Look" Rose Scott, the breakfast program will focus on ways we can provide health equity for the most vulnerable in our state and will also include a memorable keynote from Nzinga "Zing" Shaw, the Recording Academy's Chief DEI officer and longtime champion of diversity, equity, and inclusion. Tickets can be purchased [[insert link](#)].

It is a momentous occasion to mark 75 years of service in Georgia, and we are humbled by the support we've received in our communities and the care we're able to extend to our neighbors. Thank you for your support for 75 years, and we look forward to an exciting future ahead.

Dorothy Davis
